☐ Custom design for every page☐ Responsive build, tested on real phones☐ On-page SEO: titles, meta tags, sitemap☐ Contact form and WhatsApp chat button☐ Google Analytics and Search Console setup☐ Domain and hosting connection☐ Content upload (text and images you supply)☐ Admin panel to edit content yourself☐ Speed optimisation and image compression☐ Social links and Google Maps embed

Other _____

Tick what is included. Anything not ticked is outside this agreement, and we will quote it separately before doing it.

03 Our promise to you

☒ **A reply within 24 hours**

Every brief gets a real answer from a person, not an autoresponder.

☒ **The price we quote is the price you pay**

Fixed before we start. No surprise invoices at the end.

☒ **A delivery date in writing**

14, 21, or 30 days by plan, or 24 hours for an express build, agreed at kickoff.

☒ **Tested on real phones**

Every page is checked on actual devices before it goes live.

04 Price and payments

Total project price ₹ _____

In words: Rupees _____

MILESTONE	SHARE	AMOUNT (₹)
Advance, on signing	50%	_____
On design approval	30%	_____
Before go-live	20%	_____

Work on each stage starts once the payment before it is received. Payments are made by UPI or bank transfer to the details on the invoice. The price is fixed and includes everything ticked above.

05 What we need from you

Your text, logo, photos and logins within 3 days of kickoff, and feedback on each draft within 2 working days. One person on your side gives the final word on changes.

If content or feedback arrives late, the delivery date moves by the same number of days. We will tell you the new date in writing.

06 Changes and extra work

The revision rounds above are included. New pages, features or extra rounds are quoted in writing first and only billed after you approve them. You will never get an invoice for work you did not agree to.

07 Ownership

Once the final payment is received, the design, code and content of your site belong to you. Fonts, plugins and stock images stay under their own licences.

☐ Veltix may show the finished site in its portfolio and on social media.

08 **After launch**

For 30 days after go-live, we fix anything that breaks because of our work at no charge. If we break one, tell us. Domain and hosting renewals are billed to you by those providers. Ongoing maintenance is available as a separate monthly plan.

09 **Pausing or cancelling**

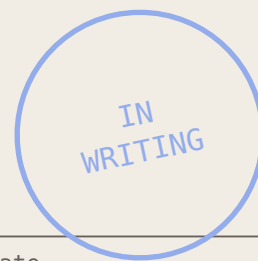

The advance is non-refundable once design work begins. If you cancel later, you pay only for the milestones reached. If the project is paused on your side for more than 30 days, we will agree a new schedule with you.

10 **Confidentiality**

Anything you share with us about your business, customers or logins stays private and is used only for this project.
